FIFTEEN CENTS

'There is only one child in the world, and the child's name is all children.'

Carl Sandburg

A Prayer For All At Christmas

Give us the faith of innocent children, that we may look forward with hope in our hearts, to the dawn of happy tomorrows.

Reawaken the thought that our most cherished desires will be realized, the things closest to our hearts — that we may come to an appreciation of the limitless joys and bountiful rewards

of Patience, Charity and Sacrifice.

Above all, endow us with the spirit of courage, that we may face the perplexities of a troubled world without flinching, imbued with the child-like faith which en-

visions the beautiful and inspiring things of life . . . and restore the happy hours and experiences so many of us foolishly believe are lost forever.

Give us faith in ourselves and faith in our fellow man . . . then, the treasures and beauties of life that make man happy will spring from an inexhaustible source.

And at Christmas, when the hearts of the world swell in joyous celebration, let us cast aside the pretense of sturdy men and live, if only for a day, in the hope and joy we knew as children.

CHRISTMAS IN ILLINOIS

100 Years Ago

Illinoisans observed Christmas on a beautiful, spring-like Friday 100 years ago.

The Chicago Times reported that "The day was fine, even beyond the average of the beautiful days with which the inhabitants of this city have been favored during the last month."

In Springfield the Daily State Journal said, "the day was so mild, so gentle in its influence that it might well have passed for one of spring."

Activities on that spring-like day included some that are still considered traditional and others that have become outmoded. A check of the files of some 110 newspapers of the period reveals changes the past century has brought about.

NEWSPAPERS FROM a half-dozen cities throughout the state reported that most of the stores were open in the morning but closed after noon. The State Journal commended the postmaster for having the Springfield post office open in the evening.

Church services were well attended in all the cities and the State Journal commented that the "Episcopal and Roman Catholic Churches were especially handsomely decorated." The Christmas sermons at a number of the churches were published in the Chicago Times.

Gold-headed canes and gold watches were the most popular presents from the state's gift givers. Joseph D. Merritt, editor of the Springfield Illinois State Register received an "elegant gold-headed cane" from the paper's employees.

The Peoria Daily Transcript

reported that "A large number of our citizens were well 'Watched' on Christmas day by their relatives and friends." In the listing of givers and gifts that followed was "a magnificent gold watch and chain costing about \$350" that would probably be priced in five figures today.

The Rock Island Daily Argus noted that the "foreman in the wood-shop at Buford's plow works" received a "handsome \$50 secretary and book case combined" while the iron shop foreman was "made happy" by a "handsome tea set."

PIGEON SHOOTING with live targets was a popular sport 100 years ago. The Argus, the State Journal, and the Peoria Daily Transcript reported the winners and scores of the contests in their cities.

"The holiday pleasures culminated at the theaters, all of which were extraordinarily well attended," according to the Chicago Inter-Ocean. Matinee and evening performances were presented and some theaters gave as many as three matinees, all to crowded houses. The best-known actor of the time was Edwin Booth, whose popularity did not seem to have been dimmed by the fact that his brother — John Wilkes Booth — had assassinated Abraham Lincoln less than 10 years earlier. Edwin Booth appeared in two Christmas matinee performances at McVicker's Theater, in "The Stranger" and "Katherine and Petruchio." He returned in the evening to play "Richelieu."

Lumber To Head Antioch Chamber

New officers of the Antioch Chamber of Commerce & Industry will be installed Saturday night, Jan. 18, at the Chamber's annual dinner-dance.

They are F. James Lumber, president; Jack Siegmeyer,

first-vice president; William Barr, second vice-president and Dennis Johnson, secretary-treasurer.

The dinner-dance will be at Lorenz's Smart Country House with cocktails from 7 to 8 p.m. and a prime rib dinner at 8.

Chairman Pres Reckers said there will be a short program installing the new officers.

CHECKING WITH SANTA on their mutual plans for Christmas was Lisa Stahmer of 1016 Osmond Ave. Santa was at the First National Bank of Antioch during the weekend.

And this shall be a sign unto you; . . . Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, . . . Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another,

Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger. And when they had seen it, they made known abroad the saying which was told them concerning the child.

Merry Christmas to all our friends! We hope your holidays abound with happiness.

Career Explanation Seminar

CLC's Career Exploration seminar is designed to meet the needs of any person in the process of career decision-making.

The individual closely examines his or her interests, aptitudes, personality and desired life-style, as the future job market is investigated and projected. An effort will then be made to match the person with possible suitable careers, and an action plan will be determined for further investi-

gation and necessary preparation. Finally, the student will be taught how to present himself or herself to the prospective employer via phone calls, resumes, cover letters and interview.

The seminar provides one semester hour of transfer credit, and meets at various times both days and evenings. More information can be obtained by calling the college at 223-6601, extension 400.

Resort Building Damaged By Fire

Twenty-two Antioch firefighters spent two hours last Friday morning battling a blaze in a large, two-story frame building at Shady Nook Resort on Lake Marie.

The fire started in the basement area of the building owned by Arthur Hietz. Antioch Fire Chief Charles Maplethorpe said his men did a good job of putting the fire out, and that air masks now being used by the firefighters enabled them to keep the damage to a minimum.

The structure was heavily damaged, however.

Carollers Care

Twelve young citizens of Antioch decided to do something nice for someone at Christmas, so they went carolling.

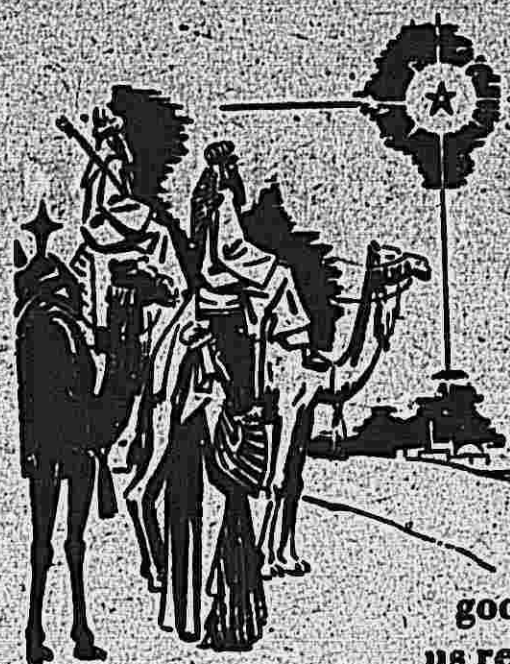

Cindy Harrison, Cathy and Janice Wencka, Arlene and Barb Mahoney, Christy Hilgenberg, Sheryl Davis, Joanne Herman, Cathy and Denise Burris, Sue Proctor and Kathy Koss raised \$10 with their Christmas songs.

And they donated it to the Antioch Rescue Squad.

Thou shalt know Him
when He comes,
Not by any din of drums,
Nor by vantage of
His airs,
Nor by anything He
wears,
Neither by His crown
Nor His gown.
But His presence
known shall be
By the holy harmony
Which His coming
makes in thee.

Christmas Message From The Mayor

Once again the Holiday Season is upon us. The time of the year when families gather to join hands in the true tradition of a Christian life. A time to reflect - to be thankful - to be joyous - to celebrate the birth of Christ. The Christmas Spirit does exist in every man, woman, and child regardless of heritage - because the Christmas Spirit is love for fellow man. But true love for our fellow man must be nourished, encouraged, and recognized. To give love is to receive love - not only during the Holiday Season but throughout the year - remembering that we are here for only a short period of time. A smile - hand shake - a kind word - this is the true spirit of the Holiday Season - this is the happiness we all seek. We Americans are truly a fortunate people - we have comfort - convenience and wealth. Let's never forget that the gift of genuine love is the true Christmas Spirit. On behalf of the members and employees of the Village of Antioch, may I wish you and your family a truly joyous Christmas and a peaceful New Year.

Robert C. Wilton - Mayor
Village of Antioch

Mini-Magic-Meatballs

Only you know how simple these Mini-Magic-Meatballs really are, as your party guests rave over each delectable morsel. They're so simple. Just you and your oven know that they were cooked right in the sauce.

Just mix the ground beef - the leaner the better - with enriched bread pieces, onion soup mix, an egg and parsley flakes. Shape the mixture into one-inch balls and arrange in a baking dish. Cover with the Magic Sauce - a blend of catsup, lemon juice and grape jelly. Then bake in a preheated oven until done. Presto - it's the talk of the party!

Good family nutrition can be just as simple, too, when using enriched bread and enriched flour. Enriched means that the essential B-vitamins, thiamine, niacin and riboflavin, plus the mineral, iron, have been added to the bread and flour.

Mini-Magic-Meatballs about 4 dozen

- | | |
|--|--------------------------------------|
| 1 pound ground beef | 1 egg, slightly beaten |
| 2 cups small torn pieces
enriched white bread
(about 2 slices) | 1 tablespoon dried parsley
flakes |
| 1 package dry onion
soup mix | Magic Sauce |

In large mixing bowl, combine all ingredients except sauce. Shape meat mixture into 1-inch balls and arrange in large glass baking dish. Pour Sauce over meatballs. Bake in preheated 350° oven about 45 minutes or until done. If necessary spoon off excess fat.

Magic Sauce:

- | | |
|---------------------|-----------------------------|
| 1 cup catsup | 1/3 cup grape jelly |
| 1/3 cup lemon juice | Blend ingredients together. |

The Town Crier

Oh sure, it's been a tough year in a lot of ways, but lots of good things have happened too.

One of them is coming to a new town and finding, once again, that there are wonderful people wherever you go.

So, Merry Christmas Bob Wilton, Marilyn Sterbenz, Shirley Gutowski, Jack Wells and all you other village officials. You're keeping Antioch a fine place in which to live.

And Merry Christmas Irv Carey, Vern Thelen, LaVerne Woods, Bob Peterson, Bill Nauman, Phil Laurin, Gordy Cornelius and Ray Jenssen. Next year I will beat you all at golf....even Vern Thelen, whom I couldn't beat this year.

And Merry Christmas Barb Corbin, Joe Bivona, Bill Georgeson and Vera, Donna and Linda at the World Famous Village Pub. And Season Greetings Taso and Dino and all you people at The Vault.

And Noel to you Don Walsh, Jack Siegmeyer, Sandi Stewart, Dick Witt, Fred Walpole, Bill Barr, Bill Brook, Pres Reckers, Florence Babusek, Lee and Gert Ipsen, Dee Hubbard, Carolyn VanPatten, Bev Terry, Tony Starcevic and all you other people who brighten up Lake Street.

AND SEASON'S GREETINGS to the members of Rotary who have welcomed me to their group. I'd mention all your names but advertisements in this newspaper cost \$1.50 an inch.

And Merry Christmas to Roy Nelson, Roger Andrews, Warren Polley, Ken Wierschem and the rest of you who make our

visits to Antioch Community High School so pleasant.

And Noel to you Don Amundsen and Betsy Rossen, doubles table tennis champions of the village of Antioch. Phil Laurin and I will beat you at next year's Christmas party.

And, of course, Merry Christmas Tony the Tailor, Mike Ware, Paul Maplethorpe, Candy Bailey, Sue Amundsen, Tony Besson and the rest of you who cheer up the premises at 896 Main Street.

MERRY CHRISTMAS Henry Meyer, Joe Sterbenz, Mike Haley, Bill Seemann, Jim Lumber, Ted Larson, Chris Pionke, Red Murrie, Jack Fields, Dick Daniels, Sue Sedivec, Art Blecke, John Kakacek, Ray Gallaher, John Teresi, Ray Scarpelli, Dennis Lento, Larry Marinelli and John Astro. It's people like you who make it pleasant to live in Antioch.

HAPPY HOLIDAYS Lil Ravell, Bob Lipinski, Stan Toten, Terry Folbrick, Ken Swan, Jack and Anita Atwood, Barb and Joe Rush, John Slatner, Jeri (I forgot your last name again), and Joe Patrotsky. The Antioch News really appreciates friends like you.

And speaking of people we appreciate, Merry Christmas Helen Borovicka and the rest of you girls at Reeves Drugs, and Mr. Arnold, Harold and Millie Gaston, Bernie Gunty, Carol Drygas, Virgene Zarnstorff, Chuck Forster, Tony and Lil, Doug Burke, Andre, Larry

With the first real snowfall we can see an obvious need for some means of providing trails for the snowmobilers in the Antioch area. If we are going to have large numbers of people taking advantage of the snow and the excitement of snowmobiles we should see that they have a suitable area. Some possible areas might be:

1. Oak Point State Park

2. The right margin of all the roads - this could also help the development of biking trails in the area.

3. Certain dirt roads or roads through the industrial areas when they are not in use.

4. Private pasture areas could be rented to the village to serve as snowmobile areas.

All of these suggestions would probably not be necessary if the

citizens who use snowmobiles would be more considerate of the property and rights of the people around them. A few areas of concern that are worth considering are:

The noise from the snowmo-

Local Doctor Retains Membership In AAFP

KANSAS CITY, Mo. — Alan L. Thain, M.D., of the Antioch Clinic has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical

study every three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education.

ACHS Treasurer Resigns

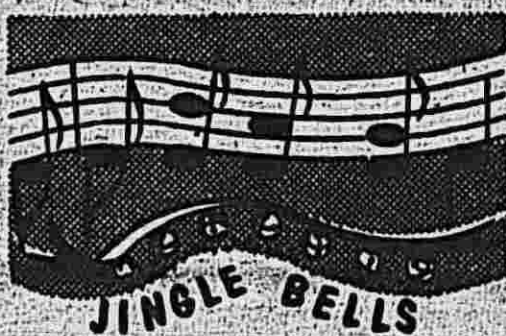

The treasurer of Antioch Community High School, Betty Stuchliffe, submitted her resignation at last Thursday's board meeting "because of the ever increasing responsibilities connected with the job."

The resignation will be effective Jan. 1. The high school's business manager, Kenneth C. Wierschem, was appointed treasurer for the remainder of her term, which expires June 30.

Three members of the ACHS student council attended the board meeting — senior Marla Kessler, junior Greg Mieuire and sophomore Tom Banwart. They were chosen to represent the student body on a "student involvement in school policy" committee. The group also includes Principal Art Blecke and board member Charles Forster.

The purpose of the committee is to provide student input to school policy.

The ACHS board of education approved participation in two federal grants, one involving equipment in the industrial arts area and the other for the purchase of library materials.

DEC. 30, 1974-JAN. 5, 1975

The old year drips as you raise a toast to your lips.

Make only one New Year's resolution this year, but stick with it. . . . Last quarter of the moon Jan. 4. . . . Some say it's bad luck if you don't take your Christmas greens down now. . . . Average length of days for week, 9 hours, 7 minutes. . . . Days are starting to lengthen now. . . . Car crossed Sahara Desert in 3 days vs. camel in 9 days, Jan. 4, 1924. . . . Ring out old year, ring in new; ring out false, and ring in true.

Old Farmer's Riddle: What changes a pear into a pearl? (Answer below.)

Ask the Old Farmer: Why is the name "tumbler" applied to an eight-ounce, straight-sided, flat-bottomed drinking glass? G.C., Boston.

There are two traditions about this. One claims that originally the drinking cup or glass was made with a round bottom and had to be held to prevent it from capsizing. When a drinker had arrived at the point where he couldn't do this, he was expected to call it a day. The other claims that the flat-bottomed glass was designed to help the unsteady lad, or "tumbler."

Home Hint: Broken window glass can be removed easily by first putting soft soap on the putty. In a few hours the putty will have softened and can be removed with an ordinary knife. . . . Riddle answer: The letter "L".

OLD FARMER'S WEATHER FORECASTS

New England: Partly cloudy to start, then cold; end of week partly cloudy with flurries.

Greater New York-New Jersey: Cloudy and drizzly at first, then clear and mild; end of week clear, then increasingly cloudy.

Middle Atlantic Coastal: Week begins partly cloudy and mild, then showers; end of week sunny and mild.

Southeast Coastal-Piedmont: Early week mild with light rain; heavy coastal rain latter part, then clear mild weekend.

Florida: Partly cloudy to start, then rain; light rain latter part, then clearing and cooler.

Upstate and Western N.Y.-Toronto & Montreal: Light rain at first, then flurries; some sun and cold, then 3-5" snow in north by weekend.

Greater Ohio Valley: First part of week mild with light rain; end of week flurries, then clearing and very cold.

Deep South: Overcast and cool to start, then clear and cold; mostly clear and mild but rain in west at week's end.

Chicago and Southern Great Lakes: Light rain changing to snow at first, then becoming very cold; week ends raw with snow flurries.

Northern Great Plains-Great Lakes: Week begins snowy and cold, then clear and very cold; end of week cloudy and seasonably cold with light snow.

Central Great Plains: Cold snap and flurries at first, then mostly clear and very cold; end of week sunny and considerably milder.

Texas-Oklahoma: Week begins with cold snap, light rain and snow in north, then mostly sunny but very cold; end of week cloudier and much warmer.

Rocky Mountain Region: Very cold and snowy to start, then mostly clear and seasonably cold; week ends cloudy with 2-4" snow in central and north.

Southwest Desert: Partly cloudy and cold to start, then cold snap with lows in 20s; rain latter part, then clear and warm days but freezing nights.

Pacific Northwest: Partly sunny at first, then light or freezing rain; cold rain continuing to end of week.

California: Most of week clear and mild with warmer temperatures in south; increasing clouds in south by weekend.

biles is somewhere between 80-100 decibels. This is equivalent to having someone shouting from less than two feet away. Above 85 decibels people are subject to annoyance and disruption of activities.

The damage to soil and vegetation is very serious when snowmobiles are misused. Insufficient snow cover means that one or two passes over a grassy area will usually kill all the grass below. This means that in the spring when we have heavy runoff we also have heavy soil erosion on all those nice grassy slopes that give snowmobilers such a thrill.

Apart from the obvious noise and land damage from misuse of snowmobiles there is the question of where and how should gasoline be used. This is

especially important in a recreational area like Antioch. Will gas rationing result because someone thinks snowmobiling and other recreational activities are too frivolous in a time of energy shortages?

If we could get the users and abusers of snowmobiles together to develop some common sense rules we could avoid angry responses like barbed wire, suits, fines and ruined land and snowmobiles. There is no reason that we can't all enjoy the many winter sports that this area is so well suited for. All that we have to do is consider what effects we might be having on others. The best way to avoid trouble in this instance might be to develop some common sense guidelines for winter sports enthusiasts to follow.

Well here we are at the last shopping day and I'm still frantically searching for one last gift. Lots of fun - everyone is really silly - too tired to be too fussy - just waiting for the joy of Christmas.

The William Geisler family of rural Antioch will have an especially nice holiday this year. Last Tuesday, Dennis Brower the manager of the Pay Less supermarket in Antioch, informed them that they were the winners of a 10 day, all

evening of homemade goodies and carolling. The old people even joined in the singing, making it a lovely night to remember for everyone.

How about this Christmas present - Mr. and Mrs. Kenneth Dean became parents of twins on December 18. Born at Victory Memorial Hospital, Kenneth Allen weighed in at 5 lbs. 6 oz. and Jennette Rosella

tipped the scales at 6 lbs. 1 1/2 oz. Proud grandparents are Mr. and Mrs. Glen Dowell and Mr. and Mrs. Thomas Ditzig.

Warming Drinks For Cold Winter Evenings

NEW YORK (ED) — When you feel the chill of a lowered thermostat or have been exposed to the bite of a raw evening a steaming toddy will create a feeling of warmth and well-being.

If you plan to entertain this season, here are some unique recipes for cups of cheer that will help fight winter shivers.

SEVEN 'N CIDER

Heat 6 oz. of sweet apple cider (or apple juice). Add 1½ oz. Seagram's 7 Crown. Stir with a cinnamon stick and serve in a 10 oz. mug.

JAMAICAN SLING

Dissolve two teaspoons of sugar in bottom of small mug with a little boiling water. Add juice of ½ lemon, dash of biters, 2 oz. Myers' Jamaica Rum and boiling water. Stir once and serve.

CARDIN BLAZER

Place a lump of sugar at the bottom of a wide-mouth metal container. Add a twist of lemon peel, a twist of orange peel, and 2 oz. of Jacques Cardin brandy. Stir with a long spoon, ignite with a match, then extinguish after a few seconds. Strain into a brandy

glass and serve.

THE LAST TANGO

Add 2 oz. of Leroux Chocolate Mint liqueur to a cup of hot black coffee. Top with whipped cream and sprinkle with chocolate chips or sprinkles.

For those who prefer to warm up with eggnog, here is the popular Four Roses recipe, an American favorite for over a quarter of a century.

FOUR ROSES EGGNOG

Beat separately yolks and whites of 6 eggs. Add ½ cup of sugar to yolks. Add ½ cup of sugar to whites after beating very stiff. Mix egg whites with yolks. Stir in 1 pint of cream and 1 pint of milk. Add a pint of Four Roses and 1 oz. of Myers' Jamaica Rum. Stir thoroughly. Serve cold with grated nutmeg.

Man's attitudes toward religion today focus on the Laws of God rather than mere magic

At Christmastime there is so much emphasis on the secular, even commercial aspects of the Season, it is natural that skeptics of the entire religious concept take this occasion to deride many of the traditions such as the miracle of Conception, the Star in the East, and so on.

As the triumphs of modern-day science continue to dazzle the mind and imagination, its age-old "conflicts" with religion continue to be debated. Interestingly enough, in the latter part of the 20th century, when such spectacular achievements as man's voyages into space are becoming almost commonplace, the conflicts between religion and science seem less controversial... in fact, these "miracles" are being judged as events that ensue

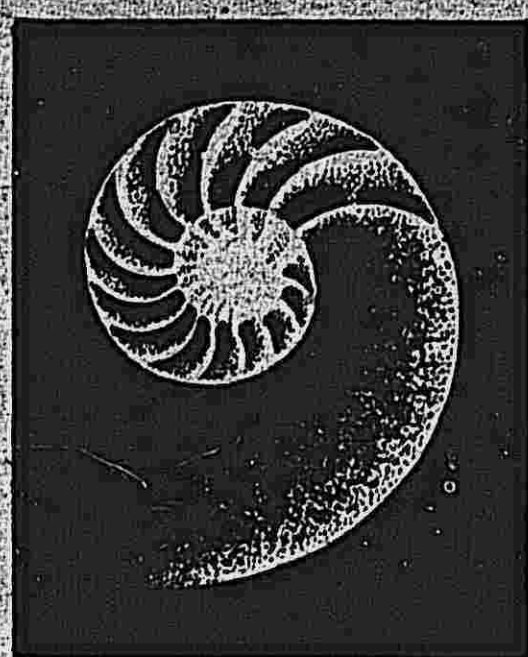

as results of the laws of God.

Many great scientists have expressed deep religious feeling in connection with their scientific discoveries.

For example, concurrent with his discovery of the mathematical laws of planetary motion in the early 17th century, Johann Kepler said: "The heavenly motions are nothing but a continuous song for several voices, perceived by the intellect, not by the ear. It is no longer surprising (therefore) that man wanted to reproduce

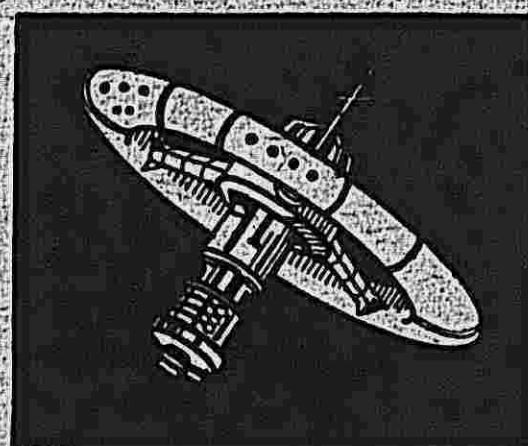

the continuity of cosmic time

... by an artful symphony for several voices... to test the delight of the Divine Creator... by making music in the imitation of God".

Again, citing the 1948 edition of Sir James Jeans' "The Mysterious Universe", the renowned physicist-astronomer wrote that "the stream of knowledge is heading towards a non-mechanical reality. The universe begins to look more like a great thought than like a great machine. Mind no longer appears as an accidental intruder into the realm of matter.

Quoting Cornell University's first president, Andrew Dickson White, "My conviction is that science, though it has evidently conquered Dogmatic Theology based on biblical texts and ancient modes of thought, will go hand in hand with Religion;

and that, although theological control will continue to diminish, Religion as seen in the recognition of a Power in the universe, not ourselves, which makes for righteousness, and in the love of God and of our neighbor, will steadily grow stronger and stronger.

A single dental X ray gives three times as much radiation as the average American would get in a lifetime if all our power were nuclear.

Warming Drinks For Cold Winter Evenings

NEW YORK (ED) — When you feel the chill of a lowered thermostat or have been exposed to the bite of a raw evening, a steaming toddy will create a feeling of warmth and well-being.

If you plan to entertain this season, here are some unique recipes for cups of cheer that will help fight winter shivers.

SEVEN 'N CIDER

Heat 6 oz. of sweet apple cider (or apple juice). Add 1½ oz. Seagram's 7 Crown. Stir with a cinnamon stick and serve in a 10 oz. mug.

JAMAICAN SLING

Dissolve two teaspoons of sugar in bottom of small mug with a little boiling water. Add juice of ½ lemon, dash of biters, 2 oz. Myers' Jamaica Rum and boiling water. Stir once and serve.

CARDIN BLAZER

Place a lump of sugar at the bottom of a wide-mouth metal container. Add a twist of lemon peel, a twist of orange peel, and 2 oz. of Jacques Cardin brandy. Stir with a long spoon, ignite with a match, then extinguish after a few seconds. Strain into a brandy

glass and serve.

THE LAST TANGO

Add 2 oz. of Leroux Chocolate Mint liqueur to a cup of hot black coffee. Top with whipped cream and sprinkle with chocolate chips or sprinkles.

For those who prefer to warm up with eggnog, here is the popular Four Roses recipe, an American favorite for over a quarter of a century.

FOUR ROSES EGGNOG

Beat separately yolks and whites of 6 eggs. Add ½ cup of sugar to yolks. Add ½ cup of sugar to whites after beating very stiff. Mix egg whites with yolks. Stir in 1 pint of cream and 1 pint of milk. Add a pint of Four Roses and 1 oz. of Myers' Jamaica Rum. Stir thoroughly. Serve cold with grated nutmeg.

Carmel High Registers Frosh

Registration for the 1975 freshmen class at Carmel High School will take place on Saturday, Jan. 11.

All eighth grade boys and girls who plan to attend Carmel next September must come to the school to register and take a series of ability and achievement tests. The test results, along with information received from the student's elementary school, will be used by Carmel to schedule the student for next year.

The testing will begin at 8:30 a.m. on Saturday, Jan. 11, and will continue until about 12:30 p.m. No student can be admitted after 8:30, and no testing date is planned for later in the year.

The student must bring a \$5 testing fee.

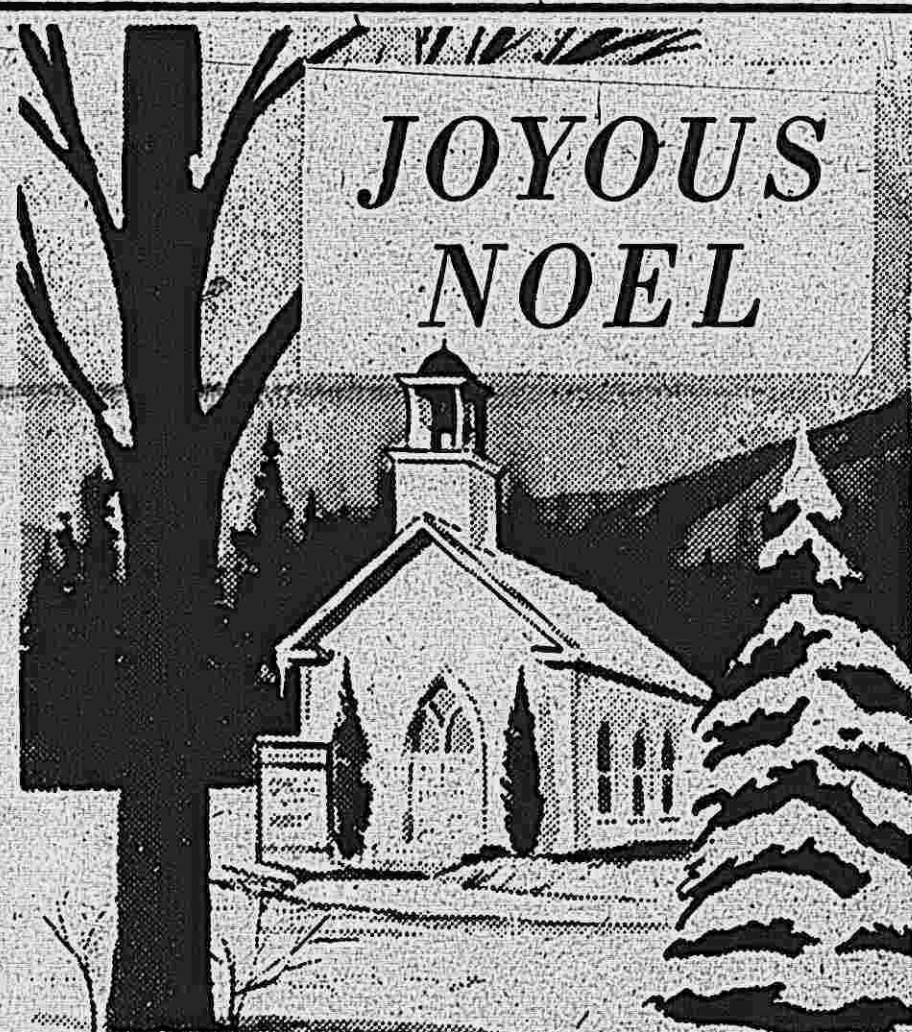

A bus will pick up students at St. Peter's school in Antioch at 7:15 a.m. on that morning. Students will be returned to St. Peter's after the tests.

Carmel High School for Boys and for Girls is located near the center of Lake County on Rt. 176 between Libertyville and Mundelein. It is a Catholic high school with a boys' division and a girls' division. The girls' school is taught by the Sisters of Charity and the boys' school by the Carmelite Fathers. Both schools use lay men and women on the faculty.

Now in its 13th year of operation, the enrollment totals nearly 1,600 from at least 49 communities within Lake County and neighboring Cook and McHenry counties, and Kenosha county in Wisconsin.

Magic Show

The Waukegan YWCA will hold a Magic Show on Friday, Jan. 3, 1975, from 1 to 2 p.m. Chaplain Donald Back from Great Lakes will perform many fantastic magic feats. Adults and children of all ages will enjoy this show. Tickets may be purchased at the door. The YWCA is located at 445 North Genesee.

Sequoits Boost Record to 7-1

"They played one super ball game," Coach Roger Andrews said after his Antioch Sequoits routed Libertyville 83-49 Saturday night.

The victory gave the Sequoits a 7-1 record for the season — the best record among Lake County high schools.

Last Friday they beat

Wauconda 47-38 to boost their conference record to 3-0.

Antioch now shares first place in the Northwest Suburban league. Cary-Grove also has a 3-0 record and visits Antioch on Friday, Jan. 24.

Wauconda tried to upset Antioch by holding the ball and slowing down the game, but the Sequoits pulled away to a 36-21 lead in the third quarter and that was that.

ON THURSDAY of this week the Sequoits charge into the annual Rockford Christmas tournament with an 8:30 p.m. game at Rockford Auburn.

The remaining tournament

games will be played at Rockford Boylan on Friday and Saturday.

In the Wauconda game last Friday the Sequoits led by only 20-17 at halftime. Then the star seniors, Russ Albano and Mike Perrone, threw in 16 points to break the game open. Perrone took six shots and swished five of them. He finished with 21 points and Albano with 12.

Against Libertyville the following night each of them scored 23 points and Scott Kimball contributed 15.

"Our team did a fantastic job," Coach Andrews said. "They just kept moving and moving."

Grade School Wrestlers Doing Well

The wrestling Apaches of Antioch Upper Grade School made strong showings in their first two meets.

Competing in a 6th and 7th grade tournament at DeKalb, with as many as 16 to 25 boys in each weight class, Kevin Murphy and Mike Dye earned third places, Scott Peterson a fourth and Dean Haviland a fifth.

The Apaches then wrestled a Mundelein team and won 31-22. Winning by decisions were Murphy, Dye, Marvin Gibson and Kirk Sarmont. Gene Liehn pinned his opponent to clinch the dual meet victory.

The Apaches will wrestle Deerpath Junior High Jan. 8 at Lake Forest.

THE ANTIOCH NEWS HOPES YOU HAVE A HAPPY DAY.

SPORTS

ANTIOCH BASKETBALL COACH Roger Andrews (left) and his assistant, Don Zeman, received a couple of Christmas presents from the Sequoits last weekend — victories over Wauconda and Libertyville. (Paul Mapletorpe photo.)

Mark Abderholden Wins Basketball Contest

Antioch's champion basketball forecaster this week is 14-year-old Mark Abderholden of 400 Winsor Drive.

Mark predicted that the Sequoits would beat Wauconda by eight points and they did it by nine.

So mark wins the \$15 first prize.

Most of the contest entrants thought the Sequoits would win by anywhere from 20 to 30 points, but Wauconda slowed down the game and kept it close.

Both Ken Channon and Harry Stewart predicted Antioch

would win by 11 points. Ken came closer in the tie-breaker, the sophomore game, so he wins second prize — a \$10 gift certificate at Walsh's All-Seasons.

Another basketball contest appears in today's issue of the Antioch News. The challenge is to predict the score of the Jan. 3 game here between Antioch and Mundelein.

Once again first prize is \$15. Second prize is a \$10 gift certificate at Rittenhouse & Embree Lumber Co. and third prize is a \$5 gift certificate at the BJ Rush Photo Studio.

Soph Matmen Stay Unbeaten

Antioch sophomore wrestlers remained undefeated with a victory over Wauconda Friday evening. The win left the Sequoits 4-0 in the conference and 8-0 for the season.

The Sequoits were led by Bob Gossman, Matt Ring and Forrest Miller. Gossman started the scoring with a first period fall at 98 pounds and was

followed by a strong 15-1 decision by Ring in the 112 pound class.

Miller came from behind to pin his opponent with only eight seconds left in the match.

The sophomore team will wrestle a triple dual meet here against Glenbard South, Hoffman Estates and Irving Crown at 1 p.m. on Saturday, Jan. 4.

Grass Lake Beats Lotus

The Grass Lake Braves improved their record to 2-1 by beating the Lotus Lions 68-30. With a 28-6 lead at half, Grass Lake was in total domination with good defense and shooting. The rebounding was controlled by Chuck Kempf for the Braves. The leading scorers were

Kempf with 24 points and Wally Anderson with 12, but for the winners.

Grass Lake's "B" team won its first game of the season 25-20. It was still anybody's game at the end of the half with a 10-9 Grass Lake lead. The Braves started playing tough and kept the lead for the rest of the game. The leading scorer was Kevin Fucela with 13 for Grass Lake.

Here's a sleighful of good wishes for you, our patrons. Thank you for letting us serve you in the past—hope to serve you again.

Children Escape From House Fire

A 13 year old Antioch boy was credited early last Friday with possibly saving the lives of his two brothers and sister in a fire at their home on Highview Drive.

Fire Chief Charles Maplethorpe was quoted as saying the two brothers and sister were awakened by Tim Haviland, 13, when he noticed that the house was filling with smoke.

According to the Lake County sheriff's office, the four children fled the house wearing coats over their night clothing and were taken in by a

neighbor. The children were unhurt. The parents were at a social function the sheriff's office said.

Antioch police said the children couldn't get to the front door, because of the smoke, so Tim led them to the bedroom where he ripped off shutters and broke out a storm window to escape from the house.

Maplethorpe said he was unable to give any estimate of the damage to the basement where the fire started, either from Christmas tree lights or burning candles.

tree, as most of us know it, came into being.

The townsfolk gathered 'round to admire it. Before long, the word had been spread far and wide, about the beautiful tree in Wooster, Ohio. It became an American custom.

The First American Xmas Tree

Christmas traditions date back thousands of years . . . to the Druids and ancient Rome and beyond, but the first Christmas tree in America was brought into being comparatively recently . . . in 1847.

The place was Wooster, Ohio. A young German immigrant, August Imgard, a youth of 21, is said to have introduced the Christmas tree to America.

As Christmas drew near that year, it proved to young Imgard a season of somewhat dismal anticipation. He missed the fund of entertainment and observance which marked the Day in his homeland. So he decided to have one like those in Bavaria.

Two other reasons, very personal ones, were his nephew and niece. He wanted to bring added joy to their Christmas, and make it one they would never forget.

Young Imgard went into the woods and chopped down a spruce tree. From the village tinsmith he obtained a twinkly tin star. The family made paper decorations, and thus the Christmas

BARRY GOLDWATER

Russians Expand Navy To Hold World Power

By SEN. BARRY GOLDWATER

The Soviet Union is gambling on never having to use missiles or strategic weapons in any war in the near future.

Consequently the SALT talks and agreements are working to its advantage. They are concentrating U.S. and world attention on such things as nuclear warheads, delivery systems and MIRVs to the exclusion of conventional weapons. The so-called "break-through agreement" reached by President Ford with the Russian leaders at Vladivostok is a case in point.

This kind of discussion about capping the arms race applies solely to strategic armaments. And it gives the Soviet Union all the time it needs to build up its arsenal of weapons it believes will be used to influence the balance of world power in future conflicts.

THE RUSSIANS, thus, are concentrating on building what may soon be the largest navy in the world. In addition, they are forming new infantry divisions

and new aerial squadrons and building conventional fighter and bomber forces. They also are adding new fire power for their infantry forces by expanding the Soviet tank corps.

Of all the developments, the construction and deployment of Soviet ships are perhaps the most significant and important. With the Russian "armada" rapidly taking form, the Soviets will soon be able to establish a decisive military presence in almost all the world's strategic waterways. The weight of increased Soviet naval power already has been felt in the Mediterranean Sea and the Indian Ocean. The latter is especially important because it controls access to the Straits of Malacca through which our vessels to our allies such as Japan and the Philippines must pass.

THE UNITED STATES would be well advised to spend more time making sure our conventional arsenal (which was sorely depleted in the Vietnamese war) is replenished and

modernized as quickly as possible.

This is not to say that agreements on strategic weapons are not important, but we must always keep in mind that these weapons would only be used as a last resort in any future war. But none of these agreements is going to amount to much until the Russians sit down with us and seriously discuss an agreement based on multilateral disarmament.

Christmas Creche Has Tradition

We do not know when the first creche was set up as a tableau to illustrate the nativity, but church records indicate that St. Francis of Assisi received special permission from the Pope to reconstruct the scene in the Bethlehem stable.

Today the crib, surrounded by figurines of the Holy Family, the Three Wise Men, shepherds, angels and farm animals, is to southern Europe and Catholic countries what the brightly decorated Christmas tree is to America.

Tradition Has It That Yule Tree Began in Egypt

The Christmas tree, now almost a universal symbol, probably came to America from Germany, although tradition has it that Christmas trees originated in Egypt. The palm

tree is supposed to put forth a branch every month, and a spray of this tree, with 12 shoots on it, was used in Egypt.

German writers mention the tree as early as 1605. The German prince Albert, consort of Queen Victoria, introduced the Christmas tree in England when he had a tree for his daughter.

May your Christmas be merry and bright!

The Way We Were 50 Years Ago

President Coolidge has taken the farm organizations into counsel for the selection of a Secretary of Agriculture to fill the vacancy left by the death of Henry C. Wallace.

A telegram from President Coolidge was received by O.E. Bradfute, president of the American Farm Bureau Federation, asking that he get in touch with the state Farm Bureau organizations and get their suggestions for a new secretary.

50 Years Ago

The profits on the average Illinois farm the last few years have been too small to permit the owner to buy adequate new equipment for farming operations, or even just a few luxuries in many cases.

50 Years Ago

The Kewanee Farm Bureau Community Club, a subsidiary organization of the Henry County Farm Bureau, is opening a farmers' produce market in Kewanee.

50 Years Ago

Not many county Farm Bureaus own their office buildings and still fewer can boast ownership of a

building constructed and designed especially for the convenience of farmers and the Farm Bureau. Such a building is owned by the Montgomery County Farm Bureau at Hillsboro.

A little over two years ago the Montgomery County Bureau and the Farmers' Mutual Fire and Cyclone Insurance Company decided they could erect and occupy the same building to mutual advantage. A lot was purchased jointly and a handsome two-story brick building erected at a total cost of \$10,000, including the lot.

The U.S. Department of Agriculture is putting on an intensive campaign to eradicate common barberry from Mason county.

Twenty-nine car loads of Bluff Brand, Irish Cobbler potatoes were shipped from Belleville, St. Clair County, by the Belleville Co-operative Potato Marketing Association since early August. This potato co-op is a local branch of the Illinois Fruit Exchange.

Carol Singing Still A Popular Christmas Custom

Caroling is the custom in many countries throughout the world. And, there are about as many different customs connected with it as there are countries.

Bagpipe music accompanies the carolers in (no, not Scotland) Italy!

In England the carolers receive gifts for their efforts. "Gifts" of refreshments are often the case

in America.

"Star-singers" is the name for groups of carolers in many nations. The term is taken from the pole they carry, which has a lighted star on top.

Candles Light the Way to Christmas

Long before the world knew Christ, man associated the light of the candle with spiritual longings. The Old Testament refers frequently to the candle as a symbol of spiritual light.

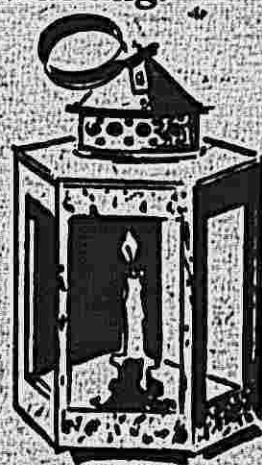

The Christians were quick

to adopt the candle as a symbol—especially suitable to their beliefs. Thus the candle is close to the heart of Christmas. It is a beloved tradition in many aspects: candles in the windows to light the coming of the Christ-Child on Christmas Eve; the Christmas candle-light service; candles on the Christmas tree for centuries, before they were replaced, for safety's sake, by electric bulbs.

And because Christ had referred to Himself as the Light of the World, and as-

serted that every Christian was a light, the Christians naturally placed candles on their altars to remind them of this teaching.

For the Medieval church, tradition dictated that candles be made of beeswax.

This idea had its origin in the belief that bees came to earth direct from heaven. Throughout the Middle Ages it was common to keep swarms of bees at religious establishments.

Candlemas Day, still observed in some churches on February 2, was instituted in the 11th century. On that day, candles were blessed and Scripture was read describing the candle as the symbol of the Christian's love for the Christ that dwells within him.

CLC Course Studies Death

The College of Lake County is offering a 16-week Wednesday evening seminar entitled "The Many Faces of Death," beginning Jan. 15.

Death is examined as a biological and medical reality, a social and cultural event, an economic factor of life, a psychological process, and as a philosophical and religious event. A clergyman, lawyer and insurance agent will discuss their particular roles in death and dying.

A field trip to a local funeral parlor will not only include a thorough tour of the premises, but will also afford the opportunity to discuss the many aspects of our burial customs with a knowledgeable funeral director.

CLC on-campus registration is Jan. 7-9, afternoons and evenings. For further information, call the college at 223-6601, extension 350.

Wiggle Your Toes When Wearing Boots

Cold-weather hiking enthusiasts should make sure their boots fit properly before heading for the wilds. Sportsmen should select boots that allow enough space for a pair of heavy woolen socks. The in-step should fit snugly, yet enough "toe-wiggling" space should remain to prevent cold feet from lack of circulation, Kinney Shoe spokesmen recommend.

Christmas Eve Service Planned

PADDOCK LAKE -- A festive candlelight Christmas Eve worship service is planned at Christ Lutheran Church beginning at 6 p.m. Tuesday.

Open to all people, the service is a celebration of the real meaning of Christmas -- God in Christ in our world.

Included in the service will be many of the season's favorite and best-known hymns and carols, reading of the Christmas Scriptures, special musical selections, and the candlelighting.

Christ Lutheran Church is located on Highway 50 at Paddock Lake. Sunday worship service begins at 9:30 a.m.; Sunday School (except Dec. 29) at 10:30 a.m. The Rev. Philip Borleske is pastor of the congregation.

Vegetable Growers Schools

Vegetable growers in Lake County will get the latest production information from University of Illinois and Purdue University experts at growers meetings to be held Jan. 6, 1975 at the Toll Gate Inn, North Aurora, Ill. and Jan. 7, 1975 at Teibel's Restaurant, Schererville, Ind. Programs will start at 9 a.m. and conclude at 3:30 p.m.

Timely information on weed, insect, and disease control, and crop fertilization and irrigation will be presented along with a report on vegetable production in the southwest.

The Occupational Safety and Health Standards that apply to agriculture will be discussed.

For further information, contact Ray T. Nicholas, Extension Advisor, Lake County Cooperative Extension Service, P.O. Box 267, Grayslake, Ill. 223-8627.

Boost office morale. Tell the boss when someone is doing an especially good job.

Help a shut-in. Ask a neighbor who is temporarily "grounded" if you can pick up any groceries for her.

In one recent year, there were a total of 310,000 Americans with tuberculosis, according to the National Tuberculosis Association, 1740 Broadway, New York, N.Y. 10019. New active cases numbered 38,650. Support the work of the association.

If a relative or friend of yours is in the hospital, show your love by sending flowers. And be sure to specify to the florist to "please FTD it." When you do, you avail yourself of the services of the "extra touch" Florists Transworld Delivery Association network.

There's a lot of "togetherness" in a crowded theater. If you've had your favorite garlic shrimp scampi for dinner, check your breath at the door -- with a mint.

Yule Legends Span Many Years and Many Lands

Did you know that the first Christmas tree erected in a church in U.S., in 1851 shocked its Cleveland congregation. It was considered too heathenish!

☆ America gave the world its most Beloved Christmas plant--the poinsettia. The plant is a native of tropical America.

☆ Bayberry candles, which are said to foretell good luck for the coming year if they burn bright at Christmas, were first made by early settlers in America. They dipped bayberry branches in wax and burned them during the holidays.

☆ The story is told that over a hundred years ago, a parish priest in Salzburg, Austria, returning late one night from administering last rites to a dying woman, was awed by the particular majesty of the still, sparkled-with-stars night; he went home, wrote the lovely, haunting words of "Silent Night, Holy Night." With his organist, Franz Gruber, playing the great music on his guitar, the Father, Joseph Mohr, first introduced the strains of this popular hymn to a small congregation in Austria.
